## TOWN CLERK'S REPORT

Special Town Meeting
January 24, 1972

At the Special Town Meeting held at the Cohasset High School Auditorium at 8:00 P.M., January 24, 1972, the following articles were contained in the Warrant and acted upon as recorded.

The number of voters present as checked on the incoming voting lists was 279.

The meeting was called to order at 8:10 P.M. by Moderator David E. Place and the Town Clerk proceeded to read the call of the meeting.

The invocation was given by Rev. Robert L. Campbell.

VOTED By a hand vote YES 225 to NO 6, that $150,000.00 be and hereby is appropriated to authorize and empower the Board of Sewer Commissioners to construct a system or systems of sewerage and sewage treatment and sewage disposal as provided in Chapter 65 of the Acts of 1962 as amended; and that the Board of Sewer Commissioners be and hereby is authorized and empowered to make any necessary takings by eminent domain under Chapter seventy-nine of the General Laws in the area of South Main Street, Brook Street, Elm Street, Elm Court, Margin Court, Stockbridge Street, Margin Street and Atlantic Avenue, and do such other acts as they shall deem necessary or advisable in carrying out the foregoing purpose and to meet this appropriation the sum of $60,700.00 which represents the balance of phase one of the sewer project be appropriated from available funds and to raise the balance of said appropriation, the Treasurer, with the approval of the Selectmen, is authorized to borrow $89,000.00 under Chapter 65 of the Acts of 1962, as amended and the balance of $300.00 be raised from taxation; said amounts appropriated hereunder supplement the appropriation provided under Article 43, voted at the Annual Town Meeting held on March 11, 1970 and amended by Article 25 voted at the Annual Town Meeting held on March 8, 1971.

VOTED By a voice vote, That Article 2, entitled Town Meeting - Section 1. of the Town By-Law be amended by deleting the words 2:00 P.M. and substituting therefor the words 10:00 A.M. so that Section 1 shall read as follows:

The Annual Town Meeting shall be held on the first Saturday in March in each year at 10:00 A.M. The meeting for the election of officers shall be held on the Saturday following; the polls shall be open at eight o'clock A.M. and they shall remain open until 6:00 P.M. or until such further time as the

meeting may vote.

VOTED By a voice vote, That the Treasurer of the Town of Cohasset be authorized to act as Collector of Taxes. The authority hereby granted shall become effective contemporaneously with the election and shall continue permanently unless otherwise voted by the Town; that the elective office, Treasurer - Collector, shall be the official designation of the combined offices of the Treasurer and Collector of Taxes of the Town of Cohasset as hereby authorized; that permanently abolished upon the election of the Treasurer - Collector at the 1972 Annual Town Elections; that the Town elect a Treasurer - Collector at the 1972 Annual Town Election for a term of three years.

Charles A. Marks, Town Clerk

## TOWN CLERK'S REPORT

At the Annual Town Meeting held at the Cohasset High School at 10:00 A.M., March 4, 1972, the following articles were contained in the Warrant and acted upon as recorded.

The number of voters present as checked on the incoming voting list was 730.

The invocation was given by Rev. Joseph T. Brennan.

Article 1. To choose all Town Officers not required to be elected by ballot.

Voted unanimously by a voice vote, that the Selectmen be and hereby are authorized and directed to appoint all Town Officers not required to be elevted by ballot.

Article 2. To act upon the reports of the various Town Officers as printed in the Annual Town Report for the year 1971.

Voted unanimously by a voice vote that the reports of the various Town Officers as printed in the Annual Town Report for the year 1971 be and hereby are accepted.

### PROCLAMATION

Whereas, Girl Scouts of the U.S.A. celebrates the 60th anniversary of its founding on March 12, One Thousand Nine Hundred and Seventy Two; and

Whereas, this organization, founded with 18 members in 1912, now counts nearly four million girl and adult members from every strata of our society, and continues to serve well our daughters, our communities, and our nation; and

Whereas, Girl Scouts of the U.S.A. is deeply committed to building better relationships among persons of all ages, religions, races and nationalities; and is vitally concerned with improving the quality of our environment; and

Whereas, we in the Town of Cohasset continually benefit by their efforts on behalf of this community.

NOW, THEREFORE, I, Mr. Arthur Clark, Chairman Board of Selectmen in the Town of Cohasset, hereby proclaim March 12 through March 18, 1972, as Girl Scout Week in the Town of Cohasset; and I do further call upon all citizens of Cohasset to give to the Girl Scouts, now and throughout 1972, their continued interest, cooperation, and support so that increasing numbers of girls may benefit from this program that benefits all.

Article 3. To hear the report of any committee heretofore chosen and act thereon.

## SCHOOL FACILITIES COMMITTEE

Voted unanimously by a voice vote, that the report of progress of the School Facilities Committee be accepted and the committee be continued.

## PERSONNEL COMMITTEE

Voted unanimously by a voice vote, that the report of progress be accepted and the committee be continued.

## HARBOR DREDGING COMMITTEE

Voted unanimously by a voice vote, that the report of progress be accepted and the committee be continued.

## TRANSPORTATION COMMITTEE

Voted by a voice vote, that the report of progress of the committee be accepted and the committee be continued.

## PUBLIC SEWERAGE SYSTEM STUDY COMMITTEE

Voted unanimously by a voice vote, that the report of progress be accepted and the committee be continued.

## CONSERVATION COMMISSION

Voted unanimously by a voice vote, that the report of progress be accepted and the committee be continued.

## TOWN LAND AND WATER SUPPLY COMMITTEE

Voted unanimously by a voice vote, that the report of progress be accepted and the committee be continued.

## COMMITTEE TO SURVEY THE ADMINISTRATIVE FUNCTIONS OF THE VARIOUS TOWN OFFICES, BOARDS AND DEPARTMENTS

RESOLVED that it is the sense of this meeting that the Moderator, representatives of the Board of Selectmen and of the Advisory Committee consult to form a group of interested citizens to circulate an initiative petition for the purpose of placing before the Town at the 1973 general election, or earlier, the question of whether a commission shall be elected to frame a Charter for the Town of Cohasset in accordance with the provisions of the Home Rule Amendment to the Constitution of the Commonwealth.

Voted unanimously by a voice vote in the affirmative.

Voted unanimously by a voice vote, that the committee report be accepted and the committee be discharged with a vote of thanks.

## RESOLUTION BY LLOYD PRESCOTT

Be it resolved by the voters of the Town of Cohasset at their 1972 Annual Town Meeting to go on record as favoring legislation which would allow local communities, and in the case of the Town of Cohasset at its annual Town Meeting, the right to eliminate or decrease new school budget items ot item increases over the preceeding year.

Be it further resolved that a copy of this resolution be forwarded to both our Senator and Representative from this district who represent the Town of Cohasset in the General Court of the Commonwealth of Massachusetts.

Voted by a hand vote, yes, 272 to No, 139.

Article 7. Voted by a voice vote, that the Town Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow money in anticipation of the revenue for the financial years beginning January 1, 1972 and January 1, 1973, in accordance with provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17 or as amended.

Article 8. Voted unanimously by a voice vote, that the sum of $9,028.77 be appropriated from Reserve Fund-Overlay Surplus and $40,971.23 be raised and appropriated by taxation for the purpose of a Reserve Fund for the year 1972.

Article 9. Voted by a voice vote, that the sum of $1,639.00 be and hereby is raise and appropriated from taxation for the purpose of maintaining during the ensuing year, the mosquito control works and improvement of low lands and swamps as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

Article 10. Voted by a voice vote, that the Town, acting under the jurisdiction and provisions of Chapter 252 of the General Laws, as amended, join in the South Shore Mosquito Control Project in conjunction with the city of Quincy, and other Towns joining therein, that $5,144.00 be and hereby is raised and appropriated from taxation for the purpose of paying Cohasset's share thereof, the same to be paid to the Massachusetts Reclamation Board in the discretion of the Board of Selectmen if sufficient other municipalities join to justify such action.

Article 11. Voted by a voice vote, that the sum of $1,640.00 be and hereby is raised and appropriated from taxation to be used with the balance of prior appropriation for the Town's proportion of the cost for the control of insect, vegetable and animal life in StrAits Pond for 1972 as advised by the State Reclamation Board and as provided by Chapter 557 of the Acts of 1955 as amended.

ARTICLE 12. Voted by a voice vote, that the sum of $25,000.00 be and hereby is raised and appropriated form available funds-Free Cash for the Stabilization Fund to be added to sums previously appropriated therefore.

Article 13. Voted unanimously by a voice vote, that the Town assume liability in the manner provided by Section 29 of Chapter 91 of the General Laws, as most recently amended by Chapter 5, Acts of 1955, for all damages that be incurred by work to be performed by the Department of Public Works of Massachusetts for the improvement, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tidewaters, foreshores and shores along a public beach, including the Merrimack and

Connecticut Rivers, in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth.

Article 14. Voted unanimously by a voice vote, that the sum of $16,288.00 be and hereby is raised and appropriated by taxation for the use of the South Shore Regional School District for 1972 to pay Cohasset's share of assessment for the South Shore Regional School District.

Article 15. Voted by a voice vote, that the sum of $6,000.00 be and hereby is appropriated for maintenance of highways, under Chapter 90, of the General Laws and to meet said appropriation $2,000.00 be and hereby is raised and appropriated by taxation to meet the Town's share thereof; to meet the State and County share thereof that $4,000.00 be taken from Surplus Revenue in anticipation of reimbursemtn from the State and County for their share thereof and when reimbursement from the State and County of their share thereof and when reimbursement is received said funds are to be returned to Surplus Revenue.

Article 16. Voted by a voice vote, that the sum of $15,400.00 be and hereby is appropriated for Chapter 90 Highway Construction for Elm Street, and to meet said appropriation $3,850.00 be and hereby is raised and appropriated by taxation to meet the Town's share thereof; to meet the State and County share thereof that $11,550.00 be taken from Surplus Revenue in anticipation of reimbursement from the State and County of their share thereof and when reimbursement is received said funds are to be returned to Surplus Revenue.

Article 17. Voted by a hand vote, yes 244, to No, 218, that the sum of $4,-000.00 be raised and appropriated from taxation for the purpose of refurbishing Milliken Field and to construct a Practice Field adjacent to the existing field and to do any other necessary work relating thereto.

Article 18. Voted by a hand vote, Yes, 494, to No, 5, that the sum of $2,-500,000.00 be and hereby is appropriated to authorize and empower the Board of Water Commissioners to construct or enlarge a reservoir and to construct filter beds, standpipes, buildings for pumping stations, including original pumping station equipment, and buildings for water treatment including original equipment therefore and to take by eminent domain or acquire by purchase or otherwise land or any interest in land necessary in connection with any of the foregoing, to make such contracts and to execute on behalf of the Town all necessary documents or instruments and employ such engineers, legal counsel or other agents and procure such additional plans and purchase such material and to such other acts as they shall deem necessary or advisable in carrying out the foregoing purposes and to meet this appropriation the Treasurer-Collector with the approval of the Board of Selectmen is authorized to borrow $2,500,000.00 in accordance by Chapter 44, Section 8

of the General Laws of Massachusetts as amended or the provisions of a special law mentioned below; and the Board of Water Commisisoners is authorized to contract for and expend State and Federal Grants for the project provided that the total authorized borrowing shall be reduced by the amount of any State and Federal Construction Aid; and to pay for the additional costs resulting from this project, the Town of Cohasset water rate schedule hereafter shown be put into effect as of July 1, 1972; and that the Board of Water Commissioners on behalf of the Town of Cohasset be and hereby is authorized to execute a lease of certain lands as a reservior site from the Commonwealth of Massachusetts, said lands being shown on a plan on file in the Town of Cohasset Clerk's Office, said plan being entitled "Proposed Reservoir" by Ernest W. Branch, Inc., Civil Engineers, dated January 1971 containing 231.73 acres, more or less; and that the Board of Water Commissioners are authorized to petition the General Court for the enactment of a special law, in such form as the Commissioners and the town counsel deem appropriate, amending Chapter 128 of the Acts of 1886, as amended, so as to delete the limitation on the amount of lands which may be held by the town for water purposes, authorizing the execution of a long term lease of the above described land, authorizing the Treasurer with the approval of the Selectmen to borrow $2,500,000.00 for the above stated purposes and containing such other provisions as may be necessary or desirable to enable the town to carry out the foregoing project.

The implementation of this vote is contingent upon the Water Commissioners securing Federal and State grants in the amount of at least $990,-000.00

Article 37. (Inserted by the Board of Selectmen at the request of the Conservation Commission, John K. Bryant, Chairman and the Board of Water Commissioners, Alan S. Murphy, Jr., Chairman and others)

To see if the Town will vote to amend the Zoning By-Law of the Town of Cohasset adopted December 2, 1969, as heretofore amended by inserting a new Section 1B. Watershed Protection Zone after Section 1A. Special Flood Plain and Watershed Protection Zone as follows:

SECTION 1 B WATERSHED PROTECTION ZONE

1. The locations and boundaries of the Watershed Protection zone shall be as shown on map entitled "Plan of Watershed Protection Zone" dated January 15, 1971 by Perkins Engineering, Inc. and filed in the office of the Town Clerk, which map, is hereby, by reference incorporated in and made a part of this Zoning By-Law. All areas in said Watershed Protection Zone are subject to the regulations set forth in the following paragraphs 2 to 9, inclusive.

2. Except as provided herein and in Paragraphs 4 and 5 of this Section 1 B.

(a) No buildings, wall, dam, or other structure shall be created, constructed, altered, enlarged or otherwise created or moved for any living or other purpose provided that non-commercial signs not exceeding three square feet in size, fences, wildlife management shelters, foot-bicycle-horse paths and footbridges and permitted if they do not effect the natural flow patterns of any water course.

(b) Dumping, filling, excavating or transferring of any material which will reduce the natural flood-water storage capacity or interfere with the nautal flow patterns of any water course within this District is prohibited.

3. The following uses are permitted as a matter of right subject to the provisions of paragraph 2 of this Section 1 B.

(a) Conservation of soil, water, plants and wildlife;

(b) Outdoor recreation including play and sporting areas, nature study, boating, fishing and hunting where otherswise legally permitted;

(c) Proper operation and maintenance of dams and other water control devices, including temporary alteration of the water level for emergency or maintenance purposes;

(d) Forestry and nurseries;

(e) Accessory uses, such as flower or vegetable gardens, lawns, pasture or forestry areas;

4. Upon the issuance of a special permit for an exception by the Board of Appeals and subject to such special conditions and safeguards as the Board of Appeals deems necessary to fulfill the purposes of this section, the following uses as permitted in single residence districts are permitted;

(a) Duck-walks and boat landings

(b) Appropriate municipal use, such as water-works pumping stations and parks;

(c) Temporary storage or materials of equipment;

(d) Dams, excavations, or changes in water courses to create ponds or pools for swimming, fishing or other recreation or agriculture use, scenic features, or for drainage improvements consistent with the purpose of this section; and

(e) Driveways and roads where alternative means of access are impractical.

5. Exemptions: The following are specifically exempt from the provisions of this Section 1B.

(a) All residential dwellings, and those portions only of the lots therefore needed for such repair, rebuilding, modification or enlargement of buildings as is permitted under this Paragraph 5, existing in the Watershed Protection Zone on January 1, 1971.

(b) All industrial, commercial and business buildings, and those portions only of the lots therefor needed for such repair, rebuilding, modification or enlargement of buildings as is permitted under this Paragraph 5, existing in the Watershed Protection Zone on January 1, 1971.

(c) All residential, commercial, industrial and business buildings, and those portions only of the lots therefor needed for such repair, rebuilding, modification or enlargement of buildings as is permitted under this Paragraph 5, the building permits for which were issued prior to January 1, 1971.

All dwellings and buildings referred to in this Paragraph may be repaired, rebuilt, modified, or enlarged including but not limited to the addition of garages, additional living space, and construction of appurtenant outbuildings, together with such filling, diking, and-or draining as may be necessary therefor or for the protection of said structures from flood water inundation, consistently with the laws of the Commonwealth of Massachusetts, and compliance with all other zoning requirements, and provided such construction does not affect the natural flow patterns of any water course.

6. The portion of any lot in the Watershed protection Zone may be used to meet the area and yard regulations for the district in which the remainder of the lot is situated.

7. All water bodies encircled by the Watershed Protection Zone are hereby included within said District.

8. If any land in the Watershed Protection Zone is proven to the satisfaction of the Board of Appeals, after the question has been referred to and reported on by the Planning Board and the Board of Health, as being in fact not subject to flooding or not unsuitable because of drainage conditions for any use which would otherwise be prohibited by the provisions of this Section 1 B and that the use of such land for any such use will not interfere with the general purposes for which the Watershed Protection Zone has been established, and will not be detrimental to the public health, safety and-or welfare, the Board of Appeals may, after a public hearing with due notice, issue a special permit for any use, in which case all other zoning by-laws applicable to such land use shall apply.

9. Whenever an application is made for a building permit on land which the Building Commissioner believes may involve the use of land in the Watershed Protection Zone, he shall require the applicant for such permit to provide as part of such application showing elevations of the land contours at one-foot intervals to the same base as that of the Watershed Protection Zone Map and certified by a registered Land Surveyor, or act on anything relating thereto.

Voted unanimously by a voice vote, that the Zoning By-Laws of the Town of Cohasset adopted December 2, 1969, as heretofore amended be and hereby is amended by inserting a new Section 1 B, "Watershed Protection Zone" after Section 1A. Special Flood Plain and Watershed Protection Zone as indicated in Section 1B. Watershed Protection Zone as appears on pages 41, 42, 43, and 44 of the Town Warrant.

REPORT OF THE COHASSET PLANNING BOARD

The Cohasset Planning Board Recommends approval of Article 37 of the Town Warrant, Town Meeting, March 1972.

Henry R. Hindell, Chairman

Article 38. Voted by a voice vote, that the sum of $8,374.75 be appropriated from Water Department available surplus and transferred to the Town of Cohasset Surplus Revenue Account, said sum representing funds that were transferred from the Reserve Fund in 1971 to the Water Department for alterations to the Treatment Plant.

Moved and voted unanimously by a voice vote, that this meeting be adjourned until Satruday, March 11, 1972 at 8:00 A.M. for the Election of Town Officials at the Town Hall.

Charles A. Marks, Town Clerk

## TOWN CLERK'S REPORT

At the Special Town Meeting held at the Cohasset High School Gymnasium at 8:00 P.M., June 19, 1972 the following articles were contained in the Warrant and acted upon as recorded.

The number of voters present as checked on the incoming voting lists was 966.

The meeting was called to order at 8:05 P.M. by Moderator David E. Place and the Town Clerk proceeded to read the call of the meeting.

The invocation was given by Rev. Frank B. Chatterton.

VOTED By a voice vote, that the sum of $25,000 be and hereby is raised and appropriated from taxation for use by the School Committee to implement changes necessary to provide facilities for the kindergarten in the Joseph Osgood and the Deer Hill School occupancy in the Fall of 1972;

that the School Committee be and hereby is authorized to make such contracts and to execute on behalf of the Town all necessary documents as it shall deem necessary or advisable in carrying out the foregoing purposes.

VOTED By a hand vote YES 588 to NO 317, that the sum of $25,000 be and hereby is raised and appropriated from taxation for use of the School Facilities Committee to engage educational consultants, architects, and engineers for preparing preliminary plans for a new school; that the School Facilities Committee be and hereby is authorized to make such contracts and to execute on behalf of the Town all necessary documents as it shall deem necessary or advisable in carrying out the foregoing purposes.

RESOLUTION by L. Emmet Holt, III.

Resolved that a committee of five (5) citizens be appointed by the Chairman of the Board of Selectman, Chairman of the Advisory Committee and the Moderator to study possible uses of the Joseph Osgood School and report to the Town when the School Facilities Committee reports their findings to the Town relative to the building of a new school.

VOTED by a voice vote in the affirmative.

### RESOLUTION

Resolution by Mr. James E. McGinnis.

VOTED by a voice vote, that the Moderator appoint a committee of 10 citizens to study the possibility of acquiring the Former Black Rock House Site, as an extension and addition to Wadleigh Park. The committee should expend particular effort to develop means of financing such acquisition through public subscription and Conservation Funds available, funds from the Federal Government.

VOTED unanimously by a voice vote, that the Town vote to transfer custody and control of the following described land from the Conservation Commission to the Board of Water Commissioners.

A certain parcel of land situated in Cohasset, Norfolk County, Massachusetts, being shown as lot containing 4.6 acres more or less on plan entitled "Compiled Plan Beechwood Street, Cohasset, Mass." by Lewis W. Perkins & Sons, Engineers, recorded with Norfolk Registry of Deeds, to which plan reference is hereby made for a more particular description;

and

Two parcels in Cohasset, Norfolk County, Massachusetts shown as Lot 14, containing 120,770 square feet and Lot 24, containing 98,605 square feet as shown on a plan entitled "Subdicision Plan of Land in Cohasset, Mass." dated June 14, 1966 by Lewis W. Perkins & Sons, Engineers duly recorded Norfolk Registry of Deeds to which plan reference is hereby made for a more particular description being Plan No. 27400B.

The above conveyance to the Town of Cohasset was made subject to a drainage easement as shown on said plan, and to a right of way over the way as shown on said plan for all purposes for which ways are commonly used in the Town of Cohasset, said way to remain forever open for the benefit of Walter K. Winchester, his heirs and assigns, and more particularly, along the westerly boundary line of Lot 16 as shown on the aforementioned plan entitled "Subdivision Plan of Land in Cohasset, Massachusetts" for access to said Lot 16.

VOTED by a hand vote YES 428 to NO 9, that the sum of $87,600 be and hereby is raised and appropriated to authorize and empower the Board of Sewer Commissioners to construct a system or systems of sewerage and sewage treatment and sewage disposal as provided in Chapter 65 of the Acts of 1962 as amended, in the area of Elm Court, Stockbridge Street, Margin Street and Border Street; and that the Board of Sewer Commissioners be and hereby is authorized and empowered to make any necessary takings by eminent domain under Chapter Seventy-Nine of the General Laws in the area of Elm Court and Stockbridge Street and do such other acts as they shall deem necessary or advisable in carrying out the foregoing purpose and to meet this appropriation the Treasurer, with the approval of the Selectmen, is authorized to borrow $87,600 under General Laws Chapter 44, clause 15.

VOTED unanimously by a voice vote, that in order to complete the sewer project in he Town described as WPC-Mass.-1970, the Treasurer, with the approval of the Selectmen, is authorized to borrow $418,414, or such lesser amount as may be sufficient, under G.L. Ch. 44, S. 8 (15) instead of Chpater 65 of the acts of 1962; and that, except as modified hereby, the votes of the Town under article 43 passed March 11, 1970, under article 25 passed March 8, 1971 and under article 1 passed January 24, 1972 are ratified and confirmed in all respects.u024 VOTED unanimously by a voice vote, that the Town raise and appropriate the sum of $10,232.00 for necessary repair projects in connection with the storm disaster of 1972 and to meet said appropriation the treasurer is hereby authorized to borrow, with the approval of the Board of Selectmen, the sum of $10,232.00 under the provisions of Chapter 74 of the Acts of 1945 provided that such borrowing shall be reduced by the amount of any Federal or State grants available therefor.

VOTED by a voice vote that the sum of $45,000 be and hereby is raised and appropriated to acquire for school purposes land belonging to Walther K. Winchester situated off Sohier Street shown as Parcel 3 on a plan entitled "Plan of land in Cohasset, Massachusetts prepared for the Town of Cohasset, Selectmen" dated March 3, 1970 by Lewis W. Perkins and Son, Engineers recorded with Norfolk Registry of Deeds in Plan Book 226 Page 175 and 176 and the Board of Selectmen be and hereby is authorized and empowered to pay the aforesaid sum of $45,000 to Walter K. Winchester in full payment of an execution issued by the Norfolk Superior Court in the land damage suit of Walter K. Winchester vs. Inhabitants of the Town of Cohasset running against the Town of Cohasset in the amount of $45,000; to meet said appropriation the sum of $45,000 shall be taken from available funds-free cash in the Treasury; and the sum of $8,469.75 be and hereby is raised and appropriated to pay Edward I. Masterman counsel fees incurred in connection with the aforesaid land damage suit and to meet said appropriation the sum of $8,469.75 shall be taken from available funds-free cash in the Treasury.

At 11:00 P.M. a motion was made, seconded and so voted that this meeting be dissolved.

Charles A. Marks,Town Clerk

## STATE PRIMARY

Charles A. Marks, Town Clerk

# VITAL STATISTICS

Record of Births, Marriages, and Deaths Recorded in 1972

## BIRTHS

Total number of births recorded was seventy four of which twelve were delayed returns and corrections of past years. Of the sixty-two born in the year 1972 all the parents were residents of Cohasset. There were thirty-four males and twenty-eight females.

PARENTS, BE SURE TO RECORD THE BIRTH OF YOUR CHILD WITH GIVEN NAME IN FULL.

"Parents within forty days after the birth of a child and every houiseholder, within forty days after a birth in his house, shall cause notice thereof to be given to the Clerk of the Town where such child is born."

Many times returns are made by doctors and hospitals, before a child has been named. Make certain your child's name is recorded.

## MARRIAGES

Total number of marriages was eighty-seven, including those where both parties were non-residents of Cohasset, fifty-four were solemnized in Cohasset during the current year.

## DEATHS

Total number of deaths was ninety-four, including residents of Cohasset who died elsewhere and non-residents who died in Cohasset. Of the sixty-two who were residents of Cohasset, thirty-eight were males and twenty-four were females.

## REPORT OF THE BOARD OF REGISTRARS

| | |
|---|---|
| Number of registered voters of January 1, 1972 | 4005 |
| Removed from voting list because of removal to other towns, death and marriage | 305 |
| Added to voting list by registration, etc. | 795 |
| Total number of registered voters on January 1, 1973 | 4497 |

## ENROLLED TOTALS

| | |
|---|---|
| Republicans | 1548 |
| Democrats | 1160 |
| Unenrolled | 1789 |

Any resident not listed in the Census taken by the Board of Registrars during January and February should inform the Registrars before May 1st.

Meetings for the registration of voters are held at stated times during the year. Notices of these meetings are posted in the Post Office of the Town and in many other public buildings.

Respectfully submitted,
Clarence M. Grassie, Chairman

## REPORT OF THE COHASSET DRUG EDUCATION COMMITTEE (C.D.E.C.)

During the past year the Cohasset Drug Education Committee has been actively working to find the correct approach to best deal with current drug problems in Cohasset.

A Counselling Drop-in Center, The City, has been established at 109 Ripley Road. The Center was organized to offer Cohasset youth a place to talk out their problems and become involved in various youth activities. Two dances were organized during 1972. The first, raised funds to aid an accident victim here in Cohasset and the second, raised money for photographic equipment for the City. There was also a rock-band concert in July under the direction of the staff at the City. This was offered free to the residents of Cohasset.

During April and May, there were Personal Growth seminars conducted at the City. These seminars guided by the City's director gave the youth at the City the chance to learn more about themselves and their problems. In July members of the City joined together and painted the interior of the South Shore Mental Health Center in Quincy. The money raised on this project was used to purchase equipment for hobbies and crafts. A continuation of the summer program was the formation of a clam-seeding project. With the aid of Ellery Sidney, Shellfish Constable, clams were moved from various beaches in Cohasset and planted in Little Harbor. This was done to speed growth of Little Harbor's depleted clam beds.

Prior to establishing the City in its present Ripley Road location, meetings were held with directors of the Community Center in the hopes of using their barn as a location for the drop-in center. Meetings were also held with the Community Center's Director to organize a cooperative effort in dealing with youth problems in the town. Police Chief Feola, also met with the Committee at various times during the year to exchange ideas and advice.

Another program conducted by C.D.E.C. was the initiation of a series of social seminars between youth and adults. These seminars are being held to help educate more town residents to current problems and situations which contribute to alienation between parents and children.

We were fortunate to have with us during the year, Reverend Roy Cederholm. Mr. Cederholm is a teacher in the Cohasset High School and also assistant at St. Stephens Church. His advice and participation have been of great assistance to the committee. Also, representing the Advisory Board at our meetings were Joseph Buckley and Arnold Weeks. Their interest and time was greatly appreciated by C.D.E.C.

The Committee has explored the results of its efforts over the past year. A re-evaluation meeting was held in September with representatives from all ages and areas of the town. It was determined that there was a lessening of the crisis nature in drug usage and the emergence of a more controlled situation. It was also determined that the City has fulfilled a definite need.

C.D.E.C. feels progress has been made and we plan to work closely with existing groups within the town to coordinate our efforts and expand this program.

Carolyn L. Dillon
Bennet F. Driscoll
Chester A. Ellis
Dr. Bernard A. O'Brien
Dr. Roger A. Pompeo
J. Blake Thaxter, Jr.
Mrs. Jerome R. Tosi
Mrs. Edward M. Tuckerman

## COHASSET HOUSING AUTHORITY

The year 1972 has been one of progesss and fulfillment for this Authority beginning with the election of (Mrs.) Yolanda Baccari as our new Secretary and culminating with a low bid for the construction of our housing by Fred Findlen and Sons, Inc. We expect to be under construction shortly after the first of the year once the usual details of a contract award are approved by the D.C.A.

Our program for 1973 will include the careful development of the construction of our 64 units of housing anticipating an early 1974 occupancy. Concurrent with these actions will be the processing of applications for residency in accordance with the regulations of the D.C.A.

Respectfully submitted,
Yolanda Bacarri
James R. DeGiacomo
Samuel Hassan
Mary Jeanette Murray
W. Chester Browne, Chairman

## REPORT OF THE BUILDING INSPECTOR

To the Honorable Board of Selectmen:

The following is the annual report for the Building Department for tthe year 1972.

This department issued 121 Building Permits for various structures and alterations and collected $4,016.00 in fees which were paid to the Town Treasurer. The estimated cost of all projects which Building Permits were issued was $1,937,755.00.

The following is a breakdown of Permits issued.

| | |
|---|---|
| New Single Family Residence | 30 |
| Swimming Pools | 5 |
| Advertising Signs | 7 |
| Demolition of Building | 2 |
| Commercial Buildings | 3 |
| Club House | 1 |
| Family Garage | 6 |
| Remodeling and alterations | 67 |

All reported violations of the Zoning By-Law were investigated and appropriate action taken as required.

I would like to take this opportunity to thank Mr. O'Donnell the previous Building Inspector and all Town Departments for their cooperation and assistance since I assumed this Office on August 10, 1972.

Respectfully yours,
James A. Litchfield
Building Inspector
Zoning Officer

## REPORT ON THE COUNCIL ON AGING

Our report represents little change from our activities of last year. The Cohasset Council on Aging continues to meet regullarly on the second Monday of each month at 3:30 p.m. in the living room of the Unitarian Parish House. Council meetings are concerned with the planning and coordination of services for the elder citizens of our community. Council meetings are always open to the public.

We communicate information regarding legislative developments, and social, educational and recreational programs for senior citizens through the publication of a monthly newsletter, "Senior Vista." Our mailings are presently reaching a little over two hundred addresses and seem to be well received. Anyone wishing to receive "Vista" may have his name added to the mailing list by calling the Unitarian Parish House (383-1105) weekday mornings.

While in general our efforts are directed at providing services to the elderly of the town through other agencies, the Council does allocate a direct subsidy for two luncheons and two bus trips for the senior citizens of Cohasset during the year. We feel that these activities aid us in making contact with the older people of the town as well as providing some needed entertainment and fellowship for our senior citizens.

Respectfully submitted,
Edward T. Atkinson
Chairman

Members: Albert Livingston, Thomas Twitchell, Elinor Kennedy, Karl Kristiansen, Frances Antoine, Wiloughby Hood, Dorothy Morse, Cornelia White

## REPORT OF THE GOVERNMENT ISLAND COMMITTEE

This Committee, pursuant to the vote and appropriation at the March meeting of 1972, has contracted for the repairs to the wall at the Border Street entrance. This work is expected to be completed during the winter of

1973. Only part of the appropriation was expended. The Committee wishes to pursue further development of the accessways and parking facilities as well as opening up the whole area as a recreational facility for the benefit of the Town. A site such as this should not be permitted to lie fallow any longer and should be opened up to achieve full utilization of this beautiful and scenic location. We hope the Town will support any move in this direction.

Edwin A. Young
Chairman
Government Island Committee

## REPORT OF THE PLANNING BOARD OF COHASSET

The Planning Board has continued to pursue a role of active planning for the Town of Cohasset. In the early part of 1972, the Rules and Regulations of the Planning Board were revised, and shall be invoked after a Public Hearing in the near future. Additional work has involved a review of the proposed Cluster Zoning By-Law which was rejected by the Town Meeting in 1972, Multi-Family Housing, and technical base studies regarding the creation of a new Base Map for purposes of locating new subdivisions, natural features, and zoning. Further, assistance to the Selectmen's Office and to the Conservation Commission in obtaining Federal grants for Flood Plain deliniation was provided by the Planning Board. Work shall progress in these areas in order that entire recommendations for zoning changes may be presented in the 1974 Town Meeting Warrant, rather than sporadic zoning changes, as would otherwise be the case. It is therefore anticipated that major changes will be recommended in the 1974 Town Meeting, predicated upon a sound technical base of studies and mapping.

Respectfully submitted,
H. Robinson Hidell, III
Chairman

## REPORT OF THE BOARD OF SELECTMEN

The year 1972 brought several changes in the Office of Selectmen.

First the Board acting as Tree and Park Commissioners employed Mr. Bradley G. Martin as Superintendent of the Tree and Park Department.

Because of personal business, Mr. Maurice (Bud) O'Donnell resigned as our building inspector and zoning officer. We were sorry to lose "Bud" as he had set up the office and was very efficient. We appointed Mr. James A. Litchfield to take "Bud's" place and he is doing a good job.

Later we lost our very valuable Secretary to the Board, Mrs. Eileen Jacome who resigned for personal reasons. We have now employed Mrs. Marguerite "Peggy" Ramsay.

During the summer months we were able to hire six young people through the Quincy Youth Corps, a Federal Funded Program, at no cost to the Town.

We also hired two men through the E.E.A., another Federal Funded Program, for the Tree and Park Dept., again at no cost to the Town.

We also applied for and received Federal money to repair the damage caused by the storm of February 1972.

We wish to express our appreciation to all the citizens who have served on the various committee's this year.

Respectfully submitted,
Arthur L. Clark, Chairman
Henry W. Ainslie, Jr.
Mary Jeanette Murray

## OF THE HIGHWAY SURVEYOR

Submitted herewith is the report of the Highway Surveyor for the year ending December 31, 1972.

This year the Highway Department installed 31 Standard Catch Basins and laid 2530' of 10"-12"-15" pipe, 6300' od Mix in Place was laid on various streets and private-ways throughout the Town.

3100' of Bituminous Asphalt Type I was put down and 12,000 gallons of liquid asphalt was used in sealing different roads.

In the Spring catch-basins were cleaned, sand and debris was swept up. Street lines were painted and the problem of maintaining street signs and markers was continued.

The drainage on Redgate Lane will be completed this year and the road resurfaced. Two thirds was completed in 1972.

In the future Pond Street from Cushing Road to Bancroft Road will be drained also Linden Drive.

Chapter 90 funds were applied for the year. Where the funds will be used is not known at this time. During the winter and early Spring a problem has developed at Cat Dam. The Tidal Gate no longer holds the water in the lagoon. This was a Chapter 90 project in 1957. Maybe the Funds can be used there. If not, an Article for $20,000 will be in the Warrant.

Elm Street should be completed, it's been a long hard pull to get the money together.

This year there will be an article in the Warrant to stop the discharging of water onto Public Highways. Cellar drains, Sump Pumps and cesspools create a problem each year in cold weather.

I wish to thank the Town Officials, the citizens of Cohasset, and the men of the Highway Department who have assisted me throughout the year.

Louis C. Bailey, Jr.
Highway Surveyor

## SEALER OF WEIGHTS AND MEASURES

I hereby submit my report as Sealer of Weights and Measures for the year ending December 31, 1972.

A total of one hundred and thirty-eight (138) weighing and-or measuring devices have been tested and sealed. Two weighing devices were condemned.

The amount of One Hundred and Nine-Two Dollars and Seventy-Five Cents ($192.75) for sealing fees was collected and paid to the Town Treasurer, Cohasset, Massachusetts.

Respectfully submitted,
BENJAMIN F. Curley, JR.
Sealer of Weights and Measures

## REPORT OF THE BOARD OF SEWER COMMISSIONERS 1972

This has been a busy year for the Board of Sewer Commissioners and the Sewer Department, which operated with a minimum of personnel.

The Board has been greatly satisfied with the construction of Phase II by DiMascio Bros., Inc. Contractors of Quincy. Construction began in mid March and was completed ahead of schedule (with the exception of some clean up work to be done in the Spring) allowing time for home owners to connect their property to the system before the winter weather.

In addition to the High School complex there are now three other town owned buildings, twelve business establishments and sixty homes connected

to the system. This additional flow to the treatment plant has increased its efficiency and is operating well. As the remaining connections are made, the plant will reach its designed capacity and any future expansion of the system will also necessitate a program of plant expansion.

Our engineering firm of Fay, Spofford & Thorndike is completing the Town wide study and master plan, as well as preliminary studies of the 3-A business area, Veteran Housing area, Hillside and School area as voted under Article 23 of the 1972 Town Meeting. With this information in hand the Board will make recommendations at the next Town Meeting for further construction phases.

Our expression of Thanks is extended to all Town Officials for their cooperation throughout the year, also to our part-time Superintendent and our Treatment Plant Operator for their interest and untiring efforts.

Respectfully submitted,
Board of Sewer Commissioners
Rocco F. Laugelle, Chairman
Alan S. Murphy, Jr.
David B. Buckley

## REPORT OF THE BOARD OF WATER COMMISSIONERS 1972

The Board of Water Commissioners have continued their efforts this year to expedite the construction of new water supply facilities, for which funds were authorized at the Annual Town Meeting, March 1972. On April 14 a grant of $994,000 was approved by the Department of Housing & Urban Development for the project. Some objection arose as to the location of the treatment plant causing a delay in advertising for bids for construction. It appears that construction should begin by Summer 1973.

Experiencing one of the wettest years on record our distribution figures were some eleven million gallons below last year.

The moderate growth of the Town continues showing 28 new accounts being activated, only one hundred twenty-five feet of new 8" main was installed by a private developer.

With Phase II of the sewer system being constructed, Water Department personnel renewed and-or repaired water mains and services as necessary under all effected streets.

Our program of hydrant updating has continued, as well as the program of meter maintenance and conversion to outside visual reading equipment.

The financial condition of the Department is sound and continues to operate within its revenue.

The Board would like to take this opportunity to thank all Town Officials, Department Heads and Committees for their cooperation and to the Superintendent and personnel of the Water Department for their continued loyal support.

Respectfully submitted,
Board of Water Commissioners
Alan S. Murphy, Jr., Chairman
Rocco F. Laugelle
David B. Buckley

## REPORT OF THE CONSERVATION COMMISSION

The duties of the Conservation Commission were considerably enlarged by the Wetlands Protection Act Chapter 131 - Section 40 which puts the responsibility for holding hearings and writing the orders of condition on Conservation Commissions. Although no hearings took place in 1972, at year's end one notice of intent had been filed for a hearing in January, and several more were expected momentarily.

The Commission is pleased to acknowledge with thanks the donation by Nathan Bates to the town of approximately five acres of land at the junction of Herring Brook and Bound Brook, in the Lily Pond Watershed Protection area. About half of it is upland. The Commission is interested in acquiring other such pieces of land for conservation purposes, since they need no extra town services and add nothing to school enrollment.

One event of considerable importance to the future of the Town was the hearing by the State Department of Natural Resources, preliminary to an order protecting our coastal wetlands under Ch. 131, Sec. 105. This act recognizes that coastal wetlands are a natural resource that should be protected in order to promote public safety, health and welfare. The order had not transmitted before the end of the year.

The report of the Consultant, Ken Schult, was submitted to us and to the Selectmen. It detailed the needs of the town Trees and Parks Department, pointing out the great amount of work to be done. It has given the incoming Superintendent of Trees and Parks a valuable tool for planning.

With a view toward improving Straits Pond, at the suggestion of the Conservation Commission, a group of High School Students has been studying the pond. It is hoped that their fieldwork, which will be made available to the town, will form the base for a set of suggestions for improving the pond's

ecology next year. The Commission would like to express its appreciation to these students and their teachers for their cooperation.

The Commission is working with the Planning Board to broaden and improve the town's Flood Plain Zoning by-law. This is important for several reasons. It will protect future citizens from buying houses on land subject to flooding. It will permit those citizens whose houses lie in a designated zone to buy Federally-sponsored flood insurance. It will help to maintain the ground water supply to our town wells. And it will tend to preserve our lowlands and wetlands for conservation, recreation and wildlife.

John Chase resigned during the year and Thomas Duggan was appointed to fill the vacancy. The Commission usually meets on the first Wednesday of each month. Meetings are open and all citizens are welcome. Several citizens have been attending the meetings regularly, and the Commission would like to thank them for their interest, help and advice.

COHASSET CONSERVATION COMMISSION
Joseph L. Becker
Thomas S. Duggan, Jr.
John F. Hubbard
Herbert B. Marsh
Penelope G. Place
Patsy K. Rabstejnek
John K. Bryant, Chairman

## ANNUAL REPORT - HARBOR DEPARTMENT

I hereby submit the annual report of the Harbor Department for the year 1972. It is my belief that the harbor is operating at peak capacity and as efficiently as possible. The Harbor Department had a very serious handicap this past year due to loss of the Yacht Club mooring barge. This resulted in, boat owners waiting to have their moorings set or moved, to become very irritated. There is money being appropriated this year for a town mooring barge which will alleviate this problem, and in time, make sure it doesn't exist again.

The twenty-four foot patrol boat and the V H F radio donated to the town by interested and concerned citizens were greatly appreciated by the department. They made it possible for more efficient patrolling, search and rescue, and communications which were badly needed but not available in years past.

There just seems to be no end to persons wanting to moor a boat in the harbor and has resulted in a back log of over 250 applications on file. The last boat to be issued a mooring berth made out the application on July 1, 1970. Present boat owners are urged not to increase the size of their present boat

without contacting the department and making out the proper forms or they could put themselves in the predicament of not having a berth to moor their boat. You just can't put a 30 foot boat on a 25 foot mooring! The boats are moored that tight and I will not allow this to happen and have one boat damage another. All boatowners are urged to read the by-laws and mooring regulations pertaining to the harbor so that when this department has to call a shot they will understand it is going to. I feel the citizens of the town make these by-laws, rules and regulations and pay me for enforcing them and this is the way it is going to be.

The program of putting flood lights around the harbor has been completed and has resulted in less vandalism and theft than in previous years.

The Corps of Army Engineers has been petitioned to make a survey of the dredged areas of the harbor and channel for maintenance dredging. At the present time there are several areas that need this badly.

I feel that the harbor is one of the biggest assets of the town. The persons using it are well aware that it is going to take the co-operation of all concerned so that it can be utilized for the best interest of all.

Respectfully submitted,
Harry H. Ritter
Harbormaster

## REPORT OF THE VETERANS MEMORIAL COMMITTEE

We have completed another year as guardians of the Veterans Memorial. Again this year the committee feels it has done its job in keeping the memorial a "Show Place" paying tribute to our veterans. The cooperation of so many interested citizens, department heads, and committee members make the memorial upkeep possible.

Annual plantings again this year were donated by the Council of Garden Clubs. The assistance given us by the Wire and Water Departments was invaluable in our efforts against vandals. This year vandals took four flags and two sets of pole hardware. In a separate incident vandals took two bronze numerals from the stone face of the memorial. New numerals have been obtained and will be in place for Memorial Day.

The committee operated within a budget of $150, through the Selectmens Office. We made recommendations on the expenditure of $126. the Selectmen duplicated one purchase at a cost much higher than the committee purchased, accounting for an over spending of the budget.

This chairman would like to take this opportunity to thank each committee member, town official, and town employee as well as the many interested citizens who helped in keeping the memorial a living and lasting tribute to the veterans of Cohasset who gave their service, and those who gave their service and their lives for this nation.

Respectfully submitted,
Veterans Memorial Committee
Glenn A. Pratt, Chairman

## Report of the Librarian

### COHASSET FREE PUBLIC LIBRARY
### PAUL PRATT MEMORIAL LIBRARY

### For the Year 1972

I am pleased to submit my fourth annual report to the two library boards and to the citizens.

PERSONNEL (as of December) Fulltime: Richard E. Hayes (Chief Librarian), Evelyn Wood (Assistant Librarian), Verna Blossom (General Assistant). Parttime: Susan M. Watrous (Children's Librarian), Margaret D. Rossi (Clerk-Typist), Adeline Marshall (Professional Assistant), Nancy Knight (General Assistant), Jill Kern and Stephen Keefe (Pages), Harry Ritter (Custodian).

DEVELOPMENT AND USE OF THE COLLECTIONS

| | Purchased | Gifts | Withdrawn | Total Holdings | Circulation (home use) |
|---|---|---|---|---|---|
| Adult Nonfiction | 1,005 | 81 | 444 | | 20,505 |
| Adult Fiction | 766 | | 190 | | 27,809 |
| TOTAL ADULT BOOKS | 1,771 | 81 | 634 | 28,526 | 48,314 |
| Juvenile Nonfiction | 199 | | 83 | | 6,914 |
| Juvenile Fiction | 376 | | 471 | | 20,189 |
| TOTAL JUVENILE BOOKS | 575 | | 554 | 11,605 | 27,103 |
| TOTAL BOOKS | 2,346 | 81 | 1,188 | 40,131 | 75,417 |
| Periodical Subscriptions | 178 | 33 | | | 9,071 |
| Phono-records | 50 | | 35 | 1,007 | 2,011 |
| Art Prints | | | | 12 | 38 |

TOTAL CIRCULATION 86,537
PER CAPITA CIRCULATION -- 12.4
NEW REGISTRATIONS -- 373 adults, 226 children

New registrations are 25% higher than last year in both groups. The total, 599, is about 9% of the town's population. Total number of active registrations is difficult to determine.

PERSONALIZED SERVICE: much library use is self-service: a person looks in the card catalog or on the shelf and does not ask for help. Much of the time such a person finds what he wants. But too often he does not, and goes away dissatisfied. One of the advantages of a small library is personal service. We invite library users to ask for assistance in using the catalogs and other reference sources, in locating materials on the shelves, in obtaining material not presently owned by the library, and in reserving material which is out when the user asks for it. To assist in following through on such requests, the library has a "Request" card which users may fill out when they want a book or information which is not immediately available. The library will call the user when the material becomes available.

In 1972, 2,416 of these written requests were filled (less than 3% of total loans).

1,700 different people -- almost 25% of Cohasset's population -- submitted these written requests (averaging 1.4 per person).

1,421 different book titles or bits of information were requested. The balance, 995 (41%), were repeated requests for material in great demand, usually current popular books. Interlibrary loan through the Eastern Regional Library System filled 76 of these requests (32%), in some cases by photocopy of information. The balance were filled by library-owned materials, in most cases new purchases, including replacement of missing books and additional copies of popular books.

OPERATION OVERDUE: Concern over the rising cost of books and the continuing struggle to recover overdue books resulted in a major effort. In April, an Amnesty Week was announced by fliers and news items, urging the fine-free return of overdue materials. About 18% of overdue materials were returned.

In June, 371 families were sent letters on 965 items long overdue. After two months, about 8% of the material had been returned and about 7% paid for. Some people were offended by the letter, which we tried to make as polite and appealing as possible. We apologize if we antagonized anyone. We welcome suggestions for improving control over town-owned property without discouraging maximum free use. Our losses are no greater than in other libraries. But the cost of replacement reduces funds for new and-varied materials for which the people of Cohasset make above average demands of their library.

SURVEY OF STUDENT USE OF ADULT MATERIALS: For two weeks in February, every person who borrowed adult materials was asked which of the material, if any, was for the use of persons in high school or younger. Of total loans of adult materials, 15% was for use of school-age persons (Use not necessarily school-related, however.) By category of material, student use was:

| | |
|---|---|
| 19% | of nonfiction books |
| 7% | of fiction books |
| 40% | of periodicals |
| 13% | of records |

The most revealing finding here is that, contrary to widespread assumptions, out-of-school adults, not students, are the major users of adult materials. (Keep in mind that the younger age group uses the children's collection, which represents about 31% of total library circulation.)

STUDENT OPINION SURVEY: In June an opinion survey on the public library was given to students in grades 7-12. About 70% of students responded. Among these respondents it appears that nearly all use the public library, 80% using it at least monthly. One question asked if the student found it necessary to use the Hingham Public Library (which charges a $10 fee of nonresidents): 53% of 10th graders, 68% of 11th graders and 72% of 12th graders said yes. More than one-third of the respondents judged the Cohasset library record collection to be poor (they are right!). The most decisive vote was on the question, "Are there services or materials at the public library which you feel are unnecessary in view of the high school library?" 84% said no and 16% said yes. Of those who said yes, none suggested what could be reduced, all but three reported using the public library at least monthly, and all but three asked for expanded hours and/or said they have to use the Hingham library. A fuller summary of the survey may be seen at the library.

SUMMER READING PROGRAM: Children were again encouraged to explore recreational reading during the summer. Reading Certificates were awarded to 100 children who read at least ten books. A paperback book was given to each of the 65 people who read at least twenty books. Eighteen of the participants read thirty or more books. The "champion" reader, a third grader, read 85 books! Second and third graders made up nearly half the 100 participants. Participation was 25% higher than last year.

FRIENDS OF THE COHASSET LIBRARY, INC.: This organization of over 100 members continues to benefit the community through the library. Volunteers gave 1,368 hours of regular scheduled time assisting at library routines. In addition, Friends have arranged exhibits, sponsored film and other programs for children and for adults, and made weekly book deliveries and visits to two nursing homes. This year a second donation of $500 in expensive, notable books was made by the Friends. A printed list of the total $1,000 in gift books in 1971-72

is available at the library. The Friends also purchased a toy box and toys for the pre-school area.

GARDEN CLUBS ASSIST LIBRARY: A committee of members from Cohasset's garden clubs reviewed the gardening and landscape collections and recommended withdrawals and additions. This expert advice was much appreciated. The gargen clubs also donated $100 worth of new books in these subject areas.

YOUTH CORPS EMPLOYEE: The Quincy Neighborhood Youth Corps, with federal funds, placed a Cohasset student in the library during the summer for about 100 hours of work. The town will also be reimbursed for supervisory time in the amount of $105.

ART BOOKS MOVED: In a continuing effort to find room in our crowded library, 29 shelves of books on the arts and crafts were moved from the lower central stacks to the newly named Art & Music Room (the "new" multipurpose room). The use of this attractive room for meetings, group activities and programs is seriously threatened by the probability that more books must be housed there in the near future.

Respectfully submitted,

Richard E. Hayes
Chief Librarian

## REPORT OF THE COHASSET POLICE DEPARTMENT

As directed by the By-Laws of the Town of Cohasset, Article 3, Section 3, I herewith submit my report for the Cohasset Police Department for the year ending December 31, 1972.

### ARREST REPORT

| | Males | Females | Total |
|---|---|---|---|
| Assault and battery | 3 | | 3 |
| Assault and battery upon a police officer | 1 | | 1 |
| Assault and battery with a dangerous weapon | 1 | | 1 |
| Breaking and entering, nighttime | 8 | | 8 |
| Default | 4 | 1 | 5 |
| Disorderly person | 1 | | 1 |
| Disturbing peace | 2 | | 2 |
| Drunkenness | 53 | 2 | 55 |
| Failing to keep right | 9 | 1 | 10 |

| Uttering | 1 | | 1 |
| Using motor vehicle without authority | 4 | | 4 |
| Using motor vehicle without authority after license revoked | 2 | | 2 |
| Parking violation | | 1 | 1 |
| Total | 285 | 15 | 300 |

## DISPOSITION OF CASES

| | |
|---|---|
| Arrest on warrant | 7 |
| Arrested without warrant | 87 |
| Summoned by Court | 136 |
| Released, Chapter 272, Section 45, General Laws | 37 |
| Released, Chapter 90, Section 24 (E), General Laws | 1 |
| Adjudicated delinquent | 3 |
| Complaint reduced to a lesser crime | 3 |
| Held for Grand Jury | 1 |
| Continued without finding | 13 |
| Continued | 16 |
| Dismissed | 19 |
| Filed | 10 |
| Appealed to Superior Court | 5 |
| Guilty | 171 |
| Not Guilty | 12 |
| Probation | 5 |
| Suspended sentence | 4 |
| Sentenced to correctional institution | 3 |
| Restitution order of Court | $537.00 |
| Restitution through Department | $722.16 |
| Costs assessed by Court | $75.00 |
| Total fines | $3565.00 |

## SUMMARY OF WORK DONE BY THE DEPARTMENT

| | |
|---|---|
| Accidents investigated, automobile | 196 |
| Buildings found open by police | 153 |
| Complaints received at Headquarters and investigated by Department | 4622 |
| Fire alarms answered | 89 |
| Hackney licenses issued | 2 |
| Hackney operator licenses issued | 7 |
| Mileage of patrol cars | 152,492 |
| Mileage of ambulance | 4,435 |
| License to carry firearms issued | 70 |
| Firearms identification cards issued | 27 |
| Firearms dealer license issued | 1 |
| Gunsmith license issued | 1 |
| Permits to perform work on Lord's Day issued | 11 |
| Persons transported to hospitals and doctor's offices | |
| in ambulance | 136 |
| in police cars | 92 |
| Special attention requested by owners of closed homes | 293 |
| Street lights reported out to Brockton Edison Company | 347 |

| | |
|---|---|
| Special Police details | 1223 |
| Summonses served for other departments | 218 |
| Arrests made for other departments | 11 |
| Stolen property recovered by Department, valued at | $5738.00 |
| Parking permits issued to Cohasset residents for parking area at Sandy Beach | 2441 |
| Guest permits issued for Sandy Beach | 223 |
| Parking tags issued, Chapter 90, Section 20C-D | 1448 |
| Violation citations issued, Chapter 90C | 372 |
| Parking permits issued to Sandy Beach Association subscribers | 126 |

The Cohasset Police Department wishes to thank all for the cooperation and many kindnesses to us all during the past year.

Respectfully submitted,

Randolph A. Feola
Chief of Police
Cohasset, Massachusetts

## REPORT OF THE PERSONNEL COMMITTEE

The Personnel Committee has met regularly on the second Tuesday of each month. During this past year we have had at least two additional meetings monthly and have met more frequently since September, sometimes as many as three times weekly. We have tried to meet with each employee body as well as responsible Boards and Department heads to discover problem areas and to suggest solutions. Our biggest responsibility lies in the area of Collective Bargaining. This year, as in the past, the Personnel Committee was appointed to be the Collective Bargaining Agent for the Town. This responsibility is strongly governed by State statutes but leaves the real decision making up to Bargaining Agents, and local governing bodies (where financing is concerned). In our case the governing body is the Annual Town Meeting. As you may have noticed last year, there was some disagreement, as witnessed at Town Meting, as to who the Town's Bargaining Agent was - the Personnel Committee or the Advisory Committee. I believe this year that problem has been ironed out satisfactorily to all concerned. We do feel it improper for other bodies in Town to interfere with proper procedures for Collective Bargaining.

As to our recommendations to this year's Town Meeting, we are again striving for a reduction in the work week for our firefighters. As you well know, our firefighters now work a 56 hour week, regardless of whether or not some of that time is "spent sleeping". It is unthinkable that we should subject

our firefighters to hours that we ourselves would not work. The average work week for local firefighters is between 42 and 48 hours. By your votes at least year's Town Meeting and on the referendum in November you indicated that you were not willing to reduce the work week to 42 hours. Your Personnel Committee has heard your voice. We also heard, however, that you were not opposed to a 48 hour week, but you were not given that choice. To the "sleeping" charge, I can only offer this: these men are ready, asleep or awake to protect your life and property, (in that order), and I can say that only 6 hours of their 14 hour night is spent in restless sleep. The majority of house fires in this Town occur at night. The men never know when they will have to "roll out" to a "working" fire or assist someone in need of their services. They stand on guard to serve YOU.

We have sought to reward our longtime Police officers with longevity pay and our recently appointed Police officers with an Educational Incentive Plan. Articles covering these two subjects will appear on the Warrant.

The cost of living increase to be granted is 3.7% for 1973 based on the 1972 wages and an additional 1.9% to be granted from January 1 to June 30, 1974 also based on the 1972 wages. This is lower than many towns are granting, but we feel it fair to taxpayer and employee alike. We based our figure on the cost of living index for the Boston area for the year ending October 31, 1972. This annual figure has been arrived at using the same parameters for several years.

I wish to thank publicly those who have served this Committee so faithfully, even when times were rough. My special thanks go to James Gillespie who resigned recently for business reasons. We were pleased to receive into our group a respected member of our Community, Rev. Frank B. Chatterton, to replace Jim. Thanks to you all.

Respectfully submitted,

John M. McNeill, Chairman
Rev. Frank Chatterton
Kenneth Cook, Charles Ford
John Trayers

## REPORT OF THE RECREATION COMMISSION

Having completed it's sixteenth year of operation the recreation commission feels that there is an even greater need for programs geared to people of all ages, as well as an increased need for facilities.

Seventy-two saw well over 300 5-12 year olds attending the programs at Beechwood and Barnes Fields. This necessitated hiring two additional counselors bringing the total to five counselors plus two Youth Core

Workers. Interest was held by the weekly themes and presentation of prizes for costume and make-up. Trips to the Music Circus, Edaville, Salem Willows, Friday beach days and a visit by the traveling zoo highlighted the program.

Night basketball at the Osgood School was interspaced with softball and open to girls and boys thirteen to nineteen years.

The most popular program tennis instruction, was on a limited basis and open to all ages. A fee was charged as the budget could not cover the expense. The commission hopes to obtain enough money in this years budget to have lights installed at all courts and to hire an instructor.

A band concert on the common by the U.S. Navy Band was well attended and more such programs are planned for the coming year.

The summer of '73 should see the installation of the playground equipment at Beechwood Field. The equipment is here and similar equipment has been ordered for Barnes and Milliken Fields.

Thanks go to the; Cohasset Firefighters for co-sponsoring a trip to a Red Sox game. We thank Hector Pelletier for the police escort. To the highway dept. for sub-grading the area designated for the new equipment in Beechwood. To Boston Gas for sponsoring a tour of Boston Harbor last summer enjoyed by the participants in the summer program.

Winter activities are not as plentiful but we do light two ponds for skating. Future plans are to light a section of Lily Pond barring any restrictions placed on reservoirs. We would also like to initiate a winter program in the school gyms but this rests on the budget. Plans are to work with Hingham not only during the summer, as we do on the Hull Street playground, but to join forces and provide more winter recreation.

Our efforts in the renovation of the football field and the installation of the practice field saw some progress. The new field is almost complete and hopefully the grass will take hold in the spring. Thanks go to Norbert Reardon III, who was instrumental in getting the Marines from So. Weymouth to donate their time and heavy equipment in leveling the field. It is hoped work will continue on Milliken Field as soon as possible in the spring or early summer so as to have the field ready for the opening of school in September '73.

Respectfully submitted,
A. Patrick McCarthy, Chairman
Rich Sawyer, Student Representative
Hamilton Tewksbury
William O'Brien
Robert Knox

## REPORT OF THE SCHOOL FACILITIES COMMITTEE FOR 1972

During 1972 the School Facilities Committee continued its effort, in concert with the School Committee, to solve the space problem at the elementary level. . .a space problem which involves not only enrollment projections, but also the need to accommodate modern educational methods.

The Committee explored many alternatives, including the extended school year and pre-engineered, (portable) classrooms. After a year's study, the Extended School Study Committee, consisting of eight subcommittees, issued a report and a summary of its report which did not recommend the extended school year as an economy measure. (A copy of that report is available in the town library.) Pre-engineered classrooms were found to be: not re-imbursable by the state School Building Assistance Bureau lacking in the flexibility of use desired by the School Committee; and subject to costly maintenance and deterioration problems.

A third alternative, architect-designed renovations and additions to both the Osgood and the Deer Hill schools at a cost of $1,360,000, was defeated at the Town Meeting of March, 1972.

However, $5,000 was appropriated to continue investigation and study. A special Town Meeting in June appropriated $25,000 for preliminary plans for a new school.

The committee held 12 regular meetings, seven joint meetings with the School Committee, interviewed 11 architects, and conducted field trips to view 14 schools from Lawrence, Mass. to Providence, R. I. On the basis of the schools themselves, the school building experience of the architects, testimony of the teachers and community members, the supervision of construction by the architects, cost per square foot, and other factors, the choice was narrowed. The final and unanimous choice of the committee was Earl R. Flansburgh and Associates, of Cambridge.

After a preliminary meeting with both the School Committee and the School Facilities Committee, the architect proceeded to study several alternate plans suggested by Superintendent of Schools, James F. Gray. The results of these studies were presented to both committees.

In late December the School Committee selected a proposal for a new facility to be built as part of a campus-type development incorporating the Deer Hill School. The new building plus the Deer Hill School would have facilities for 925 students; tentative plans were to leave the Kindergarten and 1st Grade at the Joseph Osgood School for the immediate future. The School Committee and the School Facilities Committee agreed that, because of the

importance of this project, it should not be jeopardized in any way by rushing the plans for a March Town Meeting deadline. They anticipate presenting the plans for Town Meeting approval at a special meeting later in the spring.

## REPORT TO THE BOARD OF TREE AND PARK COMMISSIONERS

Considerable progress was made during 1972. Well ovr 100 tree stumps were removed along with dead and dying trees. These were all chipped up, the holes filled with loam and seeded.

New trees were planted in many areas throughout the Town in protected areas so that they would not be damaged by cars or plows or damaged by the salting of the roads.

Due to excessive rainfall spraying was difficult but we still managed to keep good control over all insects.

A new practice field was installed adjacent to Milliken Field and we were able to increase the area over the original plan, without an increase in cost. We hope to refurbish Milliken Field this spring and to install an underground sprinkler system with the assistance of the Water Department.

Also due to the heavy rainfall we were kept exceptionally busy all summer with out mowing of the various parks and playgrounds and the grounds at the three schools.

We were fortunate, with your help, to have been able to purchase a new truck, brush chipper and a new mowing machine in 1972. With the use of this new equipment and with the additional planting of more new trees throughout the Town we feel we can keep Cohasset more beautiful in the years to come.

Respectfully submitted,
Bradley G. Martin
Tree and Park Superintendent.

## SOUTH SHORE MOSQUITO CONTROL PROJECT

### 1937 - 1974

### SUMMARY BREAKDOWN BUDGET FOR TOWN OF COHASSET

| | May 1, 1973 to April 30, 1974 | May 1, 1973 to June 30, 1974 |

| Retirement | 277.98 | 324.31 |
| Equipment & Def. | 583.08 | 680.26 |
| 12 months | $6,780.00 | $7,910.0014 months |

Submitted herewith is the report of the South Shore Mosquito Control Project's activities for the December 1, 1971 to November 30, 1972.

The project is a year round cooperative effort embracing the City of Quincy and Towns of Braintree, Cohasset, Duxbury, Hingham, Hull, Marshfield, Norwell, Scituate and Weymouth, covering a total area of 172 square miles, servicing a population in excess of 230,000.

The Project is authorized and acts under the provisions of Massachusetts General Laws, Chapter 252, Section 59, mosquito control provisions, and Chapter 112, Acts of 1931, pertaining to maintenance of ditches put on the salt marshes under original act.

The Project continued to base its program on a recommended three phase approach to community mosquito control:

A. Source Reduction, eliminating or reducing of water breeding sites of the mosquitoes

B. Reduction at the Source, larvaciding at the water breeding sites whereby a very minimum amount of insecticide can effect the greatest amount of kill of mosquito larvae and pupae.

C. Reduction of adults, by an atomized space and residual spray in an area usually between the nearest accessible site of suspected mosquito emergence and the area of a noted large mosquito buildup.

Giving priority of operation in the order above.

Source Reduction:

All mosquitoes need a water source to breed. However, water alone does not constitute a mosquito condition. The requisites of stagnation, brackishness, pollution and level fluctuation are also necessary to some extent. Eliminate one, two, or all of these conditions, termed "source reduction or water management" and mosquitoes would also be eliminated to the same degree.

The project operates 2 crawler tractor backhoe trenchers especially adapted to work upon coastal salt marshes; this is where the greater amount of its mosquito problems would be.

Along these lines of source reduction this project accomplished the following in this past year:

13,263 cu. ft. new ditch excavated
319,015 cu. ft. ditches reclaimed
9,080 feet of brook and stream cleaning
77,284 sq. ft. of brushing to facilitate access to work and treat these breeding areas.

Reduction at the Source:

Mosquitoes, while in their period of water development (larvae and pupas) are in their most vulnerable state for they are in large concentrations and restricted to small areas, thus allowing very minute amounts of insecticide to render the greatest level of mosquito fatality, the same time this limits to a great extent the harmful effects on other aquatic and marsh life with such low dosages.

Several methods are employed by the project to mosquito larvacide; aircraft, both helicopter and fixed wing making low volume application to the large woodland swamps, power sprayer tanks, with hose, in areas accessible from the roads, back pack sprayers to the smaller and inaccessible areas, also power sprayers mounted on Jeep model vehicles are used to treat roadside and storm drain catch basins.

All areas larvacided are either actually breading mosquitoes at the time of application or are known to be sure breeding areas at future dates.

Accomplished by this project by reducing at the source in this past year, 2,-880 acres were larvacided by helicopter, 9,060 acres were larvacided by fixed wing aircraft, 3,198 gallons of insecticide were used to larvacide 3,198 acres by various means of ground equipment, 2,586 gallons of insecticide were used to larvacide 27,411 basins. 1,357 hours were spent pre- and post-checking these many breeding sites.

Reduction of Adult Mosquitoes:

By the use of power mist blowers, atomized particles of insecticide were dispersed in noted areas of large mosquito infestations. Contact with this insecticidal spray by the Mosquito while in flight or as it rests in an area treated with this insecticide considerably reduced its numbers.

In many areas inaccessible by vehicles, a power pack back mist blower was used. 9,487 gallons of insecticide were applied to approximately 9,487 acres by both truck mounted and back pack mist blowers.

The degree of success in both programs "Reduction of the Source" and "Reduction at the Source" can be measured by the steady reduction of the needs for adulticiding. This adulticide reduction now being realized in this project, however, certain weather and other conditions can reverse such a trend as did this past season.

The spring of 1972 gave this area one of its wettest seasons in several years and continued so into mid-summer. The month of June having the record of third highest in precipitation on record. All this wet weather not only increased mosquito breeding sites but caused many incidents of rehatch in area previously treated due to wash away and water level fluctuation.

Calls for mosquito service did increase over previous years necessitating an increase in adulticiding operation at the expense of a reduction in source reduction work.

The check-out of each and every call received into projects office still remains the projects policy.

The insecticides used in this project's operation in 1972 were:

1. Abate, the main mosquito larvacide formulated at between .031 to .046 pound of actual material to acre.

2. Baytex (Fenthion) as a larvacide in storm drain catchbasins and in breeding water having a high organic level at formulation rates at .015 to .062 pounds of actual material to acre.

3. Malathion, the main mosquito adulticiding material formulated at between 0.2 to 0.5 pounds of actual material to acre.

These insecticides are all registered for mosquito control use in Massachusetts. The label recommendations formulates rates and limits in application are implicitly abided by and more often than less at the minimum levels.

Eastern Equine Encephalitis:

Although this year there were no reported incidents of Eastern Equine Encephalitis in man or horses this dred mosquito born virus remains a threat, for this year as in others the virus has been detected in the wild birds of the area and these are believed to be the natural reservoir of this virus.

Dog Heart Worm has been reported as on the increase in the past two years. The mosquito is suspected of being the main vector for this fatal dog disease.

For these reasons the mosquito remains a health menance in this area.

The project wishes to acknowledge all assistance received from the officials and departments of the communities it serves and give notice that shall as always remain ready with its personnel and equipment to continue to serve these wherever and whenever it is called upon.

## REPORT OF THE BOARD OF ASSESSORS

Our 1972 financial report is as follows:

| | | |
|---|---|---|
| Total Valuation, 1971 | | 90,876,318.00 |
| Total Valuation, 1972 | 90,752,863.00 | |
| Plus Omitted Assessments | 67,800.00 | 90,820,663.00 |
| Decrease in Valuation | | 55,655.00 |
| Town Grant, Annual Town Meeting, March 4, 1972 | | 4,288,398.32 |
| Amounts required to be raised: | | |

Treasurer - Collector

# ANNUAL REPORT OF THE SCHOOL COMMITTEE

## TOWN OF COHASSET

**Massachusetts**

For the Year Ending December 31, 1972

## SCHOOL COMMITTEE

John P. Reardon, Chairman ..... Term Expires 1974
Daniel C. Cotton ..... Term Expires 1973
David C. Whipple ..... Term Expires 1973
Robert P. Canty ..... Term Expires 1974
Douglas R. James ..... Term Expires 1975
Thomas J. Wallace ..... Term Expries 1975

## SUPERINTENDENT OF SCHOOLS

James F. Gray

## SCHOOL PHYSICIAN

Dr. Robert T. Sceery

Kenneth J. Grew ..... Assistant Superintendent
Agnes M. Brighton ..... Secretary to Superintendent
Josephine H. Laugelli ..... Bookkeeper

## REGULAR MEETINGS OF THE SCHOOL COMMITTEE

First and Third Monday of Each Month - 8 P.M. - High School.

## STAFF DIRECTORY

### ITINERANT STAFF
(Persons Providing Services to More Than One Building)

| Name and Position | Year Elected |
|---|---|
| Gordon Bowman, Instrumental Music | 1966 |
| Eleanor Croan, Speech Therapist | 1966 |
| Paul Emanuello, Supervisor Facilities & Grounds | 1951 |
| Randolph Feola, Attendance Officer | 1967 |
| Carol Fanning, Social Worker | 1971 |

Ethel Gormley, Head Nurse ..... 1955
Phyllis Grayken, Secretary (Part time) ..... 1972
Walter Hughes, Audio-Visual Coordinator ..... 1960
Linda Jorgensen, Secretary ..... 1971

## SECTION I - STATISTICAL DATA

A comparison of enrollments on October 1 for the school years 1968-1969 through 1972-1973 (current) is provided by the following table:

Table - 1 Comparative Enrollments, Five-Year Survey

| Grade Level | Year 1968 | 1969 | 1970 | 1971 | 1972 |
|---|---|---|---|---|---|
| K | 123 | 135 | 138 | 122 | 123 |
| 1 | 149 | 142 | 143 | 161 | 146 |
| 2 | 121 | 135 | 159 | 157 | 149 |
| 3 | 167 | 127 | 138 | 162 | 174 |
| 4 | 157 | 164 | 131 | 142 | 169 |
| 5 | 156 | 164 | 173 | 140 | 151 |
| 6 | 176 | 167 | 170 | 171 | 148 |
| 7 | 149 | 176 | 170 | 165 | 168 |
| 8 | 141 | 146 | 183 | 163 | 184 |
| 9 | 121 | 146 | 142 | 174 | 167 |
| 10 | 104 | 128 | 150 | 134 | 152 |
| 11 | 128 | 108 | 115 | 141 | 127 |
| 12 | 99 | 116 | 98 | 109 | 134 |
| TOTALS | 1791 | 1854 | 1910 | 1941 | 1992 |

Table 2 - Enrollment Data Grouped by Schools - Five-Year Survey

| School | Year 1968 | 1969 | 1970 | 1971 | 1972 | Building Capacity |
|---|---|---|---|---|---|---|
| Osgood | 497 | 481 | 531 | 602 | 592 | 425 |
| Deer Hill | 557 | 553 | 521 | 453 | 468 | 500 |
| High School | 742 | 820 | 858 | 886 | 932 | 1000 |
| TOTALS | 1791 | 1854 | 1910 | 1941 | 1992 | |

October 1 enrollment figures provide a means for comparing the school system's enrollment at a comparable time during any school year, but they do not provide an accurate description of the overall enrollment pattern. A more precise representation can be obtained by using a statistic called the Average Daily Membership (ADM). This is obtained for any given year by adding the aggregate number of days of attendance of all students to the aggregate number of days of absence of all students and dividing that sum by the total number of days that

school was in session. The ADM for the two preceding school years are provided in Table 3. These figures include both resident and non-resident (METCO) students.

Table 3 - Average Daily Membership: Two-Year Comparison

| Category | 1970-1971 | 1971-1972 | Net Change |
|---|---|---|---|
| Elementary | 1,053.0 | 1,060.0 | +7 |
| Secondary | 858.0 | 886.0 | +28 |
| TOTALS | 1,911.0 | 1,946.0 | +35 |

In addition to those enrolled in the public schools, there are 189 school age children residing in Cohasset who attend school outside of the community. Table 4 summarizes the distribution of these students by the type of school which they attend.

Table 4 - Resident Students Attending Other Schools: 1972-1973

| Type of school | Number Enrolled |
|---|---|
| Parochial | 16 |
| Private Day or Boarding | 148 |
| So. Shore Regional Vo-Tech | 13 |
| Other | 12 |
| TOTALS | 189 |

Table 5 - Student Progress: 1971-1972

| Category | Joseph Osgood | Deer Hill | High School |
|---|---|---|---|
| Completions | | | 117 |
| Promotions | 595 | 462 | 741 |
| Non-Promotions | 29 | 1 | 28 |
| Transfers | 17 | 29 | 22 |
| Drop-Outs | 0 | 0 | 9 |
| Deaths | 0 | 0 | 0 |
| TOTALS | 641 | 492 | 917 |

Activities of the 116 students who graduated from Cohasset High School in June, 1972 are summarized in Table 6.

Table 6 - Survey of CHS Graduates: Class of 1972

| Category | Number | Percent |
|---|---|---|
| Continuing Education | 82 | 71.4 |
| Four-Year College | (60) | (52.2) |
| Junior College | (10) | ( 8.7) |
| Nursing Education & Other | ( 4) | ( 3.5) |
| Armed services | 3 | 2.6 |
| Employed | 30 | 26.0 |

Services provided to students through the school health program during the preceding school year are summarized in Table 7.

Table 7 - Summary of School Health Program Activities: 1971-1972

| Type of Service | Osgood School | Deer Hill School | High School | Total |
|---|---|---|---|---|
| Physical Exams | 620 | 459 | 890 | 1969 |
| Vision Testing | 620 | 459 | 890 | 1969 |
| Audio | 620 | 459 | 890 | 1969 |
| Immunizations | 110 | 121 | 172 | 403 |

Referrals for remedial care of vision defects - 26. Referrals for remedial care of hearing defects - 12. Referrals resulting from physical examinations by the school physician - 13.

The referrals completed were 24 for vision defects, 11 for hearing defects and 12 for physical defects.

Table 8 - Summary of Special Therapy Services: 1971-1972

| Type of Spec. Prog. | Osgood School | Deer Hill School | High School | Total |
|---|---|---|---|---|
| Stuttering | 3 | 3 | 0 | 6 |
| Articulation | 52 | 49 | 0 | 101 |
| Hearing Handicaps | 0 | 1 | 0 | 1 |
| Delayed Language | 2 | 3 | 0 | 5 |
| Other | 0 | 4 | 0 | 4 |

Table 9 - Summary of Cases - Social Service

| | |
|---|---|
| Joseph Osgood School | 9 children serviced |
| Deer Hill School | 6 children serviced |

(Services were also provided for 12 families)

## REPORT OF THE SCHOOL COMMITTEE - 1972

1972 has been a most eventful year for the Cohasset School System and perhaps the busiest and most diffucult year ever for the School Committee. Our educational problems are many and there are no easy solutions. On the other hand, the School Committee is optomistic and feels that good progress is being made in many areas.

There isn't space to mention all the happenings to the school system during the past year but some will be highlighted.

Early in 1972, Mr. Nelson J. Megna, Superintendent of Schools, submitted his resignation effective on July 1st. At the time he resigned, Mr. Megna had completed three years in office. He accomplished a great deal within the Cohasset Schools; and the Committee wishes him well in his new endeavor as Superintendent of Schools in Waterville, Maine.

By early March the School Committee was involved in a comprehenvise search for a new Superintendent. Over 200 inquiries and applications were received from all over the country. Many applicants were interviewed and school systems visited. Literally, hundreds of man hours went into the search for Mr. Megna's successor. Finally, the School Committee offered the superintendency to Mr. James F. Gray after interviewing him twice in Cohasset, and after members of the Committee spent a full day visiting his schools in Glen Ridge, New Jersey. Mr. Gray was the Committee's one and only choice for Superintendent. He accepted the position and took over the reins at the beginning of July.

Mr. Gray comes to Cohasset with an extensive background in education as a teacher and principal in Newton, Director of Laboratory Schools, University of Pittsburgh, Superintendent of Schools in Lincoln, Mass., Assistant Superintendent in Cleveland Heights, Supervisory Principal in Scarsdale and finally five years as Superintendent in Glen Ridge, New Jersey.

Mr. Gray has a wide reputation as an innovator and is deeply committed to educational change though not change for change' sake; he recognizes that some students perform best within a more traditional educational structure while others require different alternatives.

Last Spring the Cohasset High School was evaluated by a team from the New England Association of Schools and Colleges. Cohasset was voted continued membership and accreditation for a period of five years. The evaluation team had many good things to say about the High School but felt that more should be done to strengthen offerings in business education and industrial arts. Many of their suggestions have been implemented, some will be, and others the Committee felt didn't have merit.

Copies of the complete report are available in the schools and library for anyone who would like to read it.

In June 1972, under a State grant, an Evaluation of the Cohasset Special Education Program was completed. The evaluation, as conducted by Heuristics, Inc. of Dedham, Mass., used the new State regulations governing special education as the basic criteria and included other existing evaluative measures.

The report praised many aspects of the program but raised more questions and suggested numerous ways to improve the program, the Committee expects to implement many of the recommendations through the 1972-1973 budget. Copies of the report are available in the schools and Public Library.

Teachers negotiations were carried on through the winter and spring culminating in a new two-year contract that took effect on September 1, 1972. The teacher salary scale for the 1973-1974 school year will be "adjusted by the percentage increase change in the U.S. Department of Labor Consumer Price Index for Urban Wage Erners and Clerical Workers for Boston all items (1967-100) for the period January 1, 1972 to January 1, 1973 (January 1972 index figure 124.9) plus additional one percent (1%). In no event shall the increase be less than four and one-half percent (4½%) nor more than five and one-half percent (5½%)."

The School committee feels that the contract is a good one and will help recruit and retain first rate teaching personnel for the school system. Teachers have become more interested in school policy issues than ever before and the Committee hopes that this interest will always be directed in constructive channels.

There have been a great many major personnel changes in the last several months. Mr. John Shaw, Curriculum Coordinator and Bill McCallum, Director of Pupil Personnel Services resigned, both, after many years of dedicated service to Cohasset. To replace them, Kenneth Grew was offered and accepted in early September the position of Assistant Superintendent of Schools. He has taught in the Sharon Public Schools and administered a cooperative education program at Northeastern University. In his few months on the job, he has proved to be a person of enormous energy.

At the end of the 1971-1972 school year, Mrs. Katherine Mulcahy resigned as Principal of the Joseph Osgood School after more than thirty years in the system. Both the Superintendent and the School Committee tried without success to change her mind. Finally, her resignation was accepted with real regret. Mrs. Mulcahy was a great educator, and Cohasset has been fortunate to have her services for so many years. The Committee wishes her many happy years in retirement.

Mr. John Creamer has been transferred from his position as Principal at Deer Hill to replace Mrs. Mulcahy at Joseph Osgood. This is a challenging position with many innovative educational programs to be introduced. The Committee believes that Mr. Creamer is well equipped to do a superb job at Joseph Osgood in the years ahead.

Late in August, Mr. Donald Ford was offered and accepted the position as Principal of the Deer Hill School. He had previous teaching experience in Lincoln and was teaching and directing an educational program at Skidmore College just prior to coming to Cohasset.

Sumner Smith retired from the School Committee after many years of outstanding service. The Town owes him a real debt of gratitude.

There are so many ideas and programs such as the Alternative School at the High School, non-voting student council representation to the School Committee, the intramural program at the high school, the tentative abandonment of X period that the Committee invites you to visit the schools and look into these programs in detail.

On many fronts Superintendent Gray has moved without delay and made good progress:

1. He supervised the successful alterations carried out at Joseph Osgood and Deer Hill Schools made necessary by the crowded conditions resulting from the return of the Kindergarten from the First Parish and the need for better use of available space. Plans are moving ahead for a more permanent solution to the space problem with new facilities.
2. Working with the School Committee and other groups, guidelines have been written and accepted for establishing Cohasset's Goals and Objectives.
3. Traditional School Committee policy is being reviewed, considered, and finally the Committee will have a written codified book of policies. A new, improved, goal-oriented approach to Teacher Evaluation is one example of what will be included in the Committee's policy notebook.
4. A whole new approach to budgeting is being instituted. It's called Program Budgeting. Each school budget and each individual program is considered by itself rather than looking at the totals of a line item budget. This budget changeover is taking a lot of time, but the School Committee feels that the program budget will lead to a much greater understanding of and accountability for the school system's costs and operations.

The Committee is very pleased with the outstanding work that Superintendent Gray has been able to accomplish in such a short time on the job. The future won't be easy because change and innovation always bring pain during

the period of adjustment. There is much to be done. There will be many controversial issues. In Mr. Gray the Town is blessed with a first-class educator to run the school system, but he'll need everyone's help and support, teachers, townspeople, and School Committee if he's to be successful.

John P. Reardon, Chairman
Daniel C. Cotton
Thomas J. Wallace
Robert D. Canty
Douglas R. James
David C. Whipple

## ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

This report is divided into two sections; Section I contains projected plans for the schools in the year ahead and Section II contains the statistical data for 1972, data which if read without comparison to previous year and without proper reflection are actually meaningless; i.e. a cursory glance at enrollment figures means nothing, but when one compares the figures and realizes that for over six years we have been squeezing more students into Osgood and Deer Hill than the recommended capacity; we have hired specialized personnel to perform a service for which there is no room for them to operate effectively; then these statistics take on meaning and require that priority judgments be made within the community.

### - Section I - Cohasset in the Years Ahead -

> "We cannot tolerate another generation that knows so much about preserving and destroying life, but so little about enhancing it. We cannot permit our children to come into their maturity as masters of the atom and of the gene, but ignorant and barbarous about the ways of the human mind and heart." - Alvin C. Eurich -.

If the Cohasset schools are to build upon the excellent foundation laid through the sixties, then we must begin the arduous task of personalizing our schools; we must seek better ways to help each student to develop those skills and strategies necessary for handling, assessing, organizing and applying information; develop their ability to cope with the environment and society; gain free access to effective knowledge and, probably most important of all, assist them to rediscover what makes us human.

Some aspects of our present educational situations suggest we consciously or unconsciously tend to adopt a philosophy of ignoring questions and problems as long as possible in the hope that they will not become too troublesome. I contend that to continue on this path can only lead to the early death of a virorous community and school system. The seeking of solutions to

problems can at times be unnerving, particularly vexing, and traumatic; but on the other hand complacency or vilent thrashing about does little to help in the slow and steady uplifting of our schools. We must have the built-in mechanism to seek new and better ways, the right to fail and be able to learn from our failures, to build in continuing self-renewal devices, re-train our teachers and administrators for we are requiring skills and knowledges that they were not prepared for. The community has a basic responsibility to assist in a planned and orderly changeover. Such fundamental changes in instruction requires new curricula, new tests for assessing students' progress, new in-service training courses for faculty and administration, and new organizational patterns.

We should get off the drawing board as soon as possible those plans that will:

1. Establish a skilled team to identify children's different patterns and modes of learning; detect early these individuals with possible potentials for learning problems, and provide the necessary alternatives before a student's learning pattern becomes short-circuited. The challenge of identification of these potential problems in the early primary years is one we must meet.

2. Re-design our K-12 graded system to comply with the philosophy of continuous progress: A system that will allow each child to work at all times and the instructional level which best fits his educational foundation and metal maturity. Basic to this form or organization is a change in the K-12 grade structure, curriculum, and the traditional self-contrained classroom. Such a plan will require definitely closer ties and working relationships between parents, teachers and students.

3. Reverse the formula for budget requests. The long-held theory and practice that "Time + more $ - a better program or more and more of the same yields better schools" is not a sound one. The current major emphasis of focusing on "inputs" should be shifted to a thorough analysis of the "outputs", the consideration of the growth students make in acquiring attitudes, values, skills and knowledge - in essence a focusing on the performance of the learner. To not be concerned with the product of education and what the individual is becoming is not a prudent utilization of the community school tax dollar.

4. Seek out and clarify the community's aims, goals and expectations for its youth. The schools must reflect what the community chooses to support in the classroom. The community must make itself accountable for the changes needed in its schools. The task of helping Cohasset youth to discover for themselves a moral, aesthetic, intellectual and scientific heritage with the reasons to make it a part of their life style, is a deeply

involved responsibility of the community; the schools can act as only one of the many agencies to bring this about.

5. Specifically, lead to the personalization of instruction this means instruction geared to the distinctive attributes, needs and understandings of the individual student, arrived at by a thorough and repetetive assessment of the student's needs. The learning tasks are indentified by the learner or teacher or by both.

6. Establish teaching teams - a group of 4-6 teachers each with a special skill, assigned to a specific group of students. A team situation provides greater opportunity for teacher self-analysis; closer unity within the faculty; and a sincere sharing of personal and professional strengths, instructional skills, teaching responsibilities and the opportunity to reduce the duplication of teaching efforts. For the student, the team should provide a maximum flexibility in grouping for learning, the opportunity to teach and learn from each other, the opportunity for students to advance at their own rate. Teaching teams greatly enhance the opportunity for outside specialists from the community to make an effective contribution to the student's school experiences.

7. Establish at the High School level a public service learning program with credit. Too often work study programs are designed to involve only vocationally-oriented students and a negative stigma often develops around the concept of work study. The opportunity to allow students to work in volunteer or paid service activities during the day would have tremendous advantages and relevance to students by preparing them for the type of career changes that they can face in life. Self-confidence and responsiblity are not acquired vicariously; they require direct confrontation with real life situations, including the spectre of failure. Suggested service activities are endless; e.g. working in hospitals, homes for the elderly, fire and police departments, teacher assistants and tutors at all age levels, welfare and public health office, etc. The metropolitan area is a large classroom; it needs to be incorporated into our curriculum. Adult volunteer assistance in the Cohasset schools presently is providing well over $400,000. worth of time and help and we haven't scratched the human talent available in this community to improve the schools.

There are many more opportunities for Cohasset to grow and I am looking forward to working with the Committee, faculty and residents for the betterment of the Cohasset Schools in the years ahead.

Respectfully submitted,
James F. Gray

## 1972 REPORT OF COHASSET'S REPRESENTATIVE TO THE SOUTH SHORE REGIONAL SCHOOL DISTRICT COMMITTEE

The Vocational Technical High School continues to be one of Cohasset's hidden assets. Presently only 12 Cohasset residents attend the school, which has a total enrolment of 336. From my observations, student morale is high and there is general satisfaction with the educational efforts of the staff by parents, graduates and employers of graduates from the eleven courses.

Both formally and informally I have met with administrators of the Cohasset schools to seek ways to inform Cohasset students and parents of the advantages of attending "Vo-Tech". A student at "Vo-Tech" can follow a program that will permit him to enter a college with technical skills that will enable him to provide better self-support than the average student from a regular high school.

In order to provide programs and facilities of even broader use to the region, the Committee engaged the Eudcational Consultants Council, Inc. of Weymouth. Although their report is lengthy with statistical evidence, in essence it recommended expansion to 800, including at least 200 girls with up to 14 new areas of vocational education. During 1972 the Committee will study and commence to inform the residence of the region of the details of the proposed imrovements to the school.

The highlight of the year was the granting of a 10 year scholastic accreditation from the New England Association of Schools and Colleges. This was achieved after a team of vocational teachers from throughout New England thoroughly inspected our curriculum, personnel and plant facilities. One major criticism was the offering of too many programs without sufficient space for safety and efficiency.

As applications for attendance exceeded available openings, the Committee in 1971 limited applications to residents of the towns in the region. This year each town was given a quota based on the original capital cost apportionment agreement of 1960. Cohasset's quota of 11.2% is now being filled from other member towns. With a greater rate of population growth in four of the member towns, it will be difficult to maintain this favorable quota for Cohasset without more students from Cohasset. An indication of the value of vocational education is the tuition rate of $1,760 for non-residents.

There were no Cohasset students amont the 49 graduates in 1972.

In closing, on behalf of the town, I wish to thank my predecessor, John A. Geary, for nearly 8 years of faithful service to the region.

Respectfully submitted,
Sumner Smith, Jr.
Cohasset Representative

## REPORT OF THE WIRE DEPARTMENT

To the Honorable Board of Selectmen
and Citizens of Cohasset:

I heereby submit my report of the Wire Department for the year ending December 31, 1972.

The work load of this department has increased over the past years due mostly to the expansion of the school system, plus increased work in other departments. We also have our regular duties, such as the maintenance and repairs of the Fire Alarm system which is growing each year. We now have over one hundred Fire Alarm boxes, both street and master type. The work involved in keeping the Fire Alarm System in good working order takes very much of our time. Our work on Police signals has increased and will continue to do so. Wiring inspections have been more numerous due to the increased population of the town. Fees for wiring permits were increased this year adding more revenue to the town.

I feel that the money this department saves the town, doing all electrical repairs and new installations for all departments is a saving worth thinking about. New rules and regulations on safety requirements by the State Building Department has added more work for this department, especially in the school system.

I might add that I am retiring as Superintendent of the Wire Department as of February 28, 1973. I have been very happy with my job over the years, and have tried to do the job to the best of my ability. I wish to extend my thanks to all departments for their cooperation and to the Board of Selectmen, Advisory and Personnel Board, and to all individuals who have helped my in my work, especially my assistant, Steven Wigmore.

Respectfully submitted,
Edward P. Malley
Superintendent of Wires

## REPORT OF THE COHASSET FIRE DEPARTMENT

To the Honorable Board of Selectmen:

I herewith submit the annual report of the Fire Department for the year ending December 31, 1972.

## INVENTORY of AUTOMOTIVE EQUIPMENT of the FIRE DEPARTMENT

| COMPANY | TYPE OF EQUIPMENT | STATIONED | MAKE | YEAR |
|---|---|---|---|---|
| Engine 1 | 750 GPM Triple Combination Pumping Engine | Headquarters | Pirsch | 1961 |
| Engine 2 | 750 GPM Triple Combination Pumping Engine | North Cohasset | Pirsch | 1954 |
| Engine 3 | 500 GPM Triple Combination Pumping Engine | Beechwood | Mack | 1950 |
| Engine 4 | 500 GPM Pump - 400 gallon Water Tank | Headquarters | Ford | 1953 |
| Ladder 1 | 65 foot Junior Aerial | Headquarters | Pirsch | 1947 |
| Forest | 500 GPM - 400 gallon Water Tank | Headquarters | Dodge | 1955 |

## MISCELLANEOUS VEHICLES

| TYPE OF VEHICLE | DEPARTMENT USE | MAKE | YEAR |
|---|---|---|---|
| Four door Sedan | Chief's car | Ford | 1967 |
| Panel Truck | Lighting Plant (Department built) | Ford | 1953 |

During the year 1972 the routine maintenance of all vehicles was carried out. Repairs such as spark plugs, points and so forth were made, as well as lubrication and oil changes. Tires, batteries were replaced as needed. Repairs were made to the springs and spring shackles of Engine 1 as well as grinding and facing of the valves.

The Town Meeting of 1972 authorized the replacement of Engine 4, a 1953 500 GPM pump. This will be replaced by a 1,000 GPM pumper with a 500 gallon water tank and a fully compartmented body. Delivery of this unit is expected about August 1, 1973.

Replacement of pumping engines in the future will have to be guided by what action is taken toward replacement of the existing sub-stations at Beechwood and North Cohasset. The structual features of these two buildings prevents replacement and relocation of apparatus.

## STATIONS and EQUIPMENT

The policy of maintaining the tools and appliances of the department was continued. Each length of fire hose was tested, checked and washed . . hose

loaded on the apparatus was changed periodically. Both of these procedures aid in extending the life and reliability of the fire hose.

The General Court amended Chapter 148, Section 51A which states the requirements for self-contained breathing apparatus carried on fire apparatus. This change in the law requires the addition of five units to those presently in service. Provision has been made in the department budget to meet this obligation.

The Post Office at North Cohasset closed during the year 1972 and the fire department was authorized to use the space they abandoned. This makes the quarters much more pleasant than those which the department used for many years.

Regardless of this change, the stations at Beechwood and North Cohasset are poorly located geographically for good response of fire apparatus to the entire town. An article has been submitted for consideration at the 1973 Town Meeting which in my opinion will meet the current and future needs of the fire department . . in a practical and economical manner.

## SUMMARY of ALARMS and EMERGENCY CALLS

| | |
|---|---|
| AUDIBLE ALARMS | 99 |
| STILL ALARMS | 191 |
| | 290 |

This summary is broken down into the following classifications:

| | |
|---|---|
| Smoke and Gas Investigations involving structures | 48 |
| Electrical | 12 |
| Automobile, truck, motorcycles gasoline powered equipment | 20 |
| False alarms, hoax calls and bomb scares | 32 |
| Broken gas mains | 5 |
| Automobile, truck and motorcycle accidents | 7 |
| Aid to persons, first aid and resuscitation, rescue of persons from water and trench cave-ins | 67 |
| Building fires | 32 |
| Sprinkler alarms, for fire and system failure | 2 |
| Rubbish, incinerator and dump fires | 12 |
| Brush, grass and woods fires | 17 |
| Miscellaneous alarms | 14 |
| Mutual Aid to Scituate | 6 |
| Hull | 12 |
| Hingham | 4 |
| Multiple Alarms | 2 |

The number of false alarms, bomb scares and hoax calls has reduced considerably from last years total of forty-nine. This number is still far too many and should be of major concern to all citizens. The number of man hours involved in these calls and the fact that much apparatus is out of service for lengthy periods effects every member of this community . . the resulting delay and lack of manpower could result in disaster. The cooperation of all citizens is required in assisting the fire and police departments if the persons involved are to be apprehended.

The number of brush, grass and woods fires is down considerably from last year . . 61 for 1971 aainst 17 for 1972. There are two factors involved here; the first being that the past year was the wettest on record in recent years; secondly, is the effects of the "Regulations for the Control of Air Pollution in Metropolitan Boston" have been in existance only two years. The first year was quite dry . . the second year was very wet . . at least one more year is required to establish some kind of an average effect on outside fires.

## RECOMMENDATIONS

The following is a list of recommendations that would aid the fire department in doing a more complete job in the areas of fire suppression and fire prevention.

1. Replacement of the Beechwood and North Cohasset Fire Stations into a more centrally located, modern facility. This would increase the speed of response of apparatus to all sections of the town, and allow for a more concentrated attack on each fire.

2. Add and amend the building code to include a requirement for installation of home fire alarm and detection systems.

3. The addition of at least six permanent firefighters to the department to provide adequate manning of the apparatus. Apparatus responding to an emergency with one man, the operator, is far from adequate manpower.

4. The addition to the department of a small four wheel drive vehicle. Adaptable to brush and woods fires as well as general service.

## CONCLUSION

In conclusion I would like to extend the thanks of this department to the citizens of Cohasset, the Board of Selectmen, the heads and members of all town departments and boards.

To the Officers, Firefighters and Call Firefighters of this department I would like to extend my sincere thanks and appreciation for performance of

their assigned duties in a cooperative and diligent manner.

Respectfully submitted,
Charles Piepenbrink
Chief of Fire Department

## REPORT OF BOARD OF HEALTH

Personnel

Samuel A. Bosco, R.S.
Health Agent, Inspector of Animals

Marcia McCrae, M.D.
Pediatrician, Well Baby and Well Child Conference

Mary Ann McNiff, R.N.
Public Health Nurse, Nursing services by contract
with the Social Service League

Joseph Laugelle
Superintendent of the Town's Disposal Area

Charles T. Patrolis
Plumbing Inspector

Earl McArthur
Plumbing Inspector

The role of the public health is the protection of health and the promotion of human comfort and the well-being through control of man's environment. The population increase and the diversity of human activities which have accompanied that increase have intensified environmental control difficulties in those areas. The environmental and human problems during the decade have generated new laws and new concepts of basic health services, which have been taken as granted and were able to be postponed but are now mandatory. First of all we must operate our disposal area as a Sanitary Landfill operation. One of the provisions of Section 150A, Chapter 111, of the General Laws of the Commonwealth of Massachusetts states: "No Sanitary Landfiill facility shall be hereafter constructed or operated unless the proposed use and the plans and design data therefore have been approved by the State Department of Public Health".Therefore, in compliance with the above law, the Board of Health must now ask for an increase in the budget for the cost of the required engineering services and for the site preparation. The engineering services will clear up some of the misconceptions of the longevity, the need of control, expenditures and the required manpower of the disposal area.

## DISPOSAL WORKS CONTRUCTION

| | |
|---|---|
| New construction disposal works permits | 22 |
| Renewal construction disposal works permits | 22 |
| Alterations disposal works permits | 35 |
| Finals inspections | 45 |
| Percolation tests witnessed | 63 |
| Short forms permits | 53 |
| Dye test conducted | 20 |

## NUISANCE COMPLAINTS

| | |
|---|---|
| Sewage overflows | 71 |
| Housing inspections | 1 |
| Animals | 4 |
| Refuse | 5 |
| Miscellaneous | 25 |
| Total | 106 |

## FOOD HANDLING ESTABLISHMENTS

| | |
|---|---|
| Year round restaurants | 12 |
| Seasonal establishments | 3 |
| Retail food establishments | 7 |
| School cafeteria | 3 |
| Water samples taken | 14 |
| Meat samples taken | 0 |
| Swab test of utensils | 112 |
| Milk and oleo licenses | 33 |
| Milk dealer's permits | 3 |
| Total inspections | 113 |

## OTHER HEALTH AGENTS ACTIVITIES

| | |
|---|---|
| Inspections of day care centers, daycamp, public schools, and nursing homes | 24 |
| Biologicals pick-ups from state's diagnostic laboratory | 8 |
| Burial permits issued | 60 |
| International immunization certifications | 78 |
| Anti-rabies clinic inoculations | 210 |
| Dead animals to laboratory for rabies determination | 2 |
| Influenza vaccine clinic, senior citizens | 43 |
| town employees | 27 |
| Receipts to Town Treasurer | $2,727.10 |

## PLUMBING INSPECTIONS

| | |
|---|---|
| Registered plumbers | 81 |
| Permits, new construction | 29 |
| Permits, alterations | 59 |
| Permits fee collected | $470.00 |
| Fee payments to inspectors | $458.00 |

## ANNUAL REPORT OF NURSING SERVICES PROVIDED TO COHASSET BY THE SOCIAL SERVICE LEAGUE

| | Admissions | Home Visits | Office |
|---|---|---|---|
| MATERNITY | 65 | 109 | |
| HEALTH PROMOTION (Visits made for health education and supervision) | | | |
| Premature | 3 (1 set of twins) | 16 | |
| Under 28 days | 33 | 41 | |
| 28 days to 1 year | 33 | 60 | |
| 1 - 4 years | 49 | 82 | |
| 5 - 19 years | 18 | 28 | |
| 65+ years | 6 | 21 | |
| DISEASE CONTROL (Visits made primarily for teaching and guidance of patient and family. Not covered by 3rd party payments.) | | | |
| Cancer | 4 | 31 | |

BIRTHS Reported by the town clerk

13 (born in 1971, reported in 1972)

59 plus 3 prematures and 1 stillborn

REPORTED COMMUNICABLE DISEASES

| | |
|---|---|
| Strep Throat | 1 |
| Meningitis | 0 |
| Mumps | 0 |
| Chicken Pox | 5 |
| Animal Bites | 2 |
| Gonorrhea | 3 |
| Syphilis | 0 |
| Hepatitis | 2 |

The nurses and staff of the Social Service League wish to extend their appreciation to Mr. Bosco and the members of the Board of Health for their cooperation this past year. We are anxious to continue our work of maintaining and improving the quality of the health of the people of Cohasset. We are also considering ways to expand our services to those in need of more health supervision, such as the elderly.

Attendance at Well Child Conference has not fallen off despite the declining birth rate in town. We attribute this to the excellent care provided by the pediatrician, Dr. Marsha McCrae, and to increased publicity about the monthy clinics.

Finally, it should be noted that the low number of cummunicable diseases reported is not accurate, rather it indicates only those cases reported to the local and state Board of Health by the area physicians. We should like to encourage local doctors and individual people to report communicable diseases to the Board of Health or the Social Service League so that proper followup and referral may be done as indicated.

Respectfully submitted,
Edward A. McCarthy, M.D., Chairman
Rene G. Chiasson, Secretary
William J. Montuori, Member

## REPORT OF THE TOWN ACCOUNTANT

To the Board of Selectmen
and the citizens of the Town of Cohasset:

Submitted herewith is my Annual Report in accordance with Section 61 of Chapter 41 of the General Laws of Massachusetts for the year ended December 31, 1972.

The report consists of the following schedules:

(1) Detailed statement of receipts and expenditures
(2) Trust Funds in custody of Treasurer
(3) Statement of Town Debt
(4) Summary of appropriations and other accounts
(5) Balance Sheet - December 31, 1972, General Accounts.

Respectfully submitted,

William S. Signorelli
Town Accountant
